

Life on earth is dependent on sustainable use of water, energy and other natural resources. We at Kemira are committed to become a leading water chemistry company, offering means to our customers to effectively recycle and treat water. We care for the environment and people in our daily work. We foster a can-do attitude, welcome new ideas, and succeed by working together. We offer professional growth opportunities and engage everyone in building the future of our company.

Cash Manager

We are looking for a Cash Manager to join Kemira Group Treasury in Helsinki. Kemira Treasury operates international money-, currency- and loan markets and is responsible of Group funding, liquidity and financial risk management as well as Group cash management.

You will be responsible for overall Group cash management and development of cash forecasting process. You'll have two subordinates in your team and report to Group Treasurer.

We expect academic degree education and minimum three to five year working experience either from corporate Treasury or bank's equivalent position. We hope that you are familiar with SEPA and SWIFT and have wide experience of cash management related projects. Fluent English language is prerequisite. You'll also have supervisory experience as team leader and you are familiar with AR & AP processes. Strong knowledge of SAP is an asset and knowhow of TWIN Treasury system and bank software tools are beneficial.

We expect that you are spontaneous, co-operative, have strong negotiations skills and capable to make things happen.

For more information, please contact Tuomas Kivimäki at +358 50 4032403 on February 22nd between 9-11.

Please send your application to tuomas.kivimaki@kemira.com with your CV and salary request by February 27th, 2012.
