2. Our key policies concerning our business relationships

Our supplier risk and compliance management defines the requirements for suppliers to do business with Kemira, as well as provides tools and processes for mitigating sustainability risks with our suppliers.

Kemira Code of Conduct sets the minimum standards of expected behavior for our employees and business partners, including respect and support to the human rights. Our internal policies and procedures provide more detailed guidance to steer our daily work and decision-making. Every Kemira employee receives regular training on our Code of Conduct. Kemira has zero tolerance for violations of this Code.

According to Kemira's Sourcing and Procurement policy, all of our suppliers must follow our **Code of Conduct for Business Partners (CoC-BP)** in relation to all of

their dealings with Kemira. The CoC-BP sets standards for business integrity, respecting human rights and appropriate working conditions, and protecting the environment. The CoC-BP is communicated to all suppliers through the ordering process as part of Kemira terms and conditions. Supplier adherence to these principles is controlled in different stages of our Sourcing processes starting from the new supplier screening / new vendor creation process, to contracting where the commitment to our CoC-BP is integrated in the contract templates. Finally, we have continuous monitoring in place for those contracts exceeding certain spend thresholds to make sure we are reasonably covered.
